

Career Information for Nutrition and Food Majors

Family and Consumer Science Department

Nutrition and Food (NUFD)

The Nutrition and Food Major focuses on nutrition as part of food production, health, well-being, and disease prevention. Some possible career opportunities include:

- diet clerk
- diet assistant
- nutrition aide
- nutrition educator
- food service supervisor or director
- food industry consultant
- child nutrition consultant
- food service manager or management consultant
- program representative
- family nutrition educator
- community nutritionist
- hospitality industry
- sales and marketing in health, pharmaceutical and food industries

The degree may be suitable for students wishing to apply for graduate school, medical school or other health-related programs. Students who select the Nutrition and Food Major as a pre-professional degree should check with the appropriate programs to verify specific course requirements.
