Renaissance Society Website: **www.csus.edu/rensoc**

Thriving and Surviving

As we celebrate the 37th year of our Renaissance Society, let's reflect on the past, present, and future of our organization. Renaissance began in 1986 with four seminars, each focused on the theme of "personal freedom," and all were held in the basement of the Sac State Library. The very first Forum, on September 26, 1986, was a presentation about *Personal Freedom in Today's World Civilizations* by a UC Davis anthropologist. Membership dues were \$35.

By contrast, during the 2022-2023 academic year Renaissance offered 83 seminars, 75 single presentations, 55 Shared Interest Groups, 15 community presentations, and 25 Forums. Since 2018, membership dues have remained at \$100, the equivalent of \$35 in 1986 dollars, but with many times the learning opportunities.

Renaissance membership grew continuously from about 150 in 1986 to a peak of 2,300 in 2019, when it dropped sharply due to COVID. We ended last year with 1,722 members, and today we stand at 1,511. Clearly, we need to expand our membership. Renaissance has been wonderful for its members and also for Sac State students. In the past year, we contributed \$40,000 to the Food Pantry and received the Golden Plate award for the second consecutive year for our fund raising during the Thanksgiving food drive.

To date, we have given over \$269,000 in total student scholarships, and two of the seven scholarships we give each year are now endowed, which means they will continue in perpetuity.

However, if we are to thrive as an organization and continue to provide services for members and students we need to take bold action to increase our membership, including younger and more diverse people.

Interestingly, we are quite diverse in our backgrounds as educators, social workers, legal and medical professionals, farmers, administrators, librarians, and entrepreneurs. This diversity has contributed to the richness of our programming and the fascinating social events we enjoy.

Ask yourself how you can reach out to help us sustain this 37-year-old momentum by recruiting new people.

Ask yourself how you can contribute to our philanthropic efforts or join one of our many committees and working groups to help us continue the vital work of our volunteer society.

Ask yourself how you can help us not only survive but also **thrive** as we move into an exciting future.

Board President

At-a-Glance Program Schedule

This At-a-Glance Program Schedule (AAG) organizes programs by day of week, time of day, and type of program. Use the Abbreviation Key below to identify each program's delivery format and recording status.

Abbreviation Key

D = Diversity program; Z = Zoom-only; IP=In-person only; H = Hybrid (IP + Z) program; IP-R = In-person (live) and recorded; NR = Program not recorded; OE = Overlapping enrollment; R = Program recorded; WI = Walk-in program – use online system to enroll or check with leader; FS = Program fully subscribed.

Catalog page numbers were not available at the time of printing.
Use the AAG page number space to write in the catalog page numbers for the programs that interest you.

Seminars – led by one or more members, range from 2-13 weeks, and focus on one subject.

Shared Interest Groups (SIGs) – facilitated by members, offer activities centered on what people enjoy doing together. These groups usually meet off campus or on Zoom.

One-Time Presentations – feature a variety of speakers by member and guest presenters.

- *Community Presentations* and *Monday Big History Series* enrollments are open to non-members.
- *Tuesday Speaker Series*, *Wednesday Science Series*, and *Friday On-Campus Speakers* require RS membership.

Forums – Friday's premier speaker program held at 3 pm and features prominent community leaders who address newsworthy issues.

Program Identifiers and Delivery Formats

Overlapping Enrollment (OE) – allows members to enroll in Monday – Thursday, Zoom-only programs, even if the programs overlap in time.

Fully Subscribed programs (FS) – are currently full and are listed for informational purposes only. Contact the program leaders directly if you have questions.

Walk-in programs (WI) – use online system to enroll or check with leader directly.

In-person and Recorded programs (IP-R) – are offered live in-person but not live on Zoom. They are recorded for future viewing.

New

Do You Need a Paper Schedule? Pick Up One (or More) in the Office

Use this document to look for programs and then find in-depth program descriptions and leader bios in the catalog on our website. Take one or more to share with your friends. Both the flipbook and the PDF Catalog versions allow you to print any page.

Parking on Campus – Now Virtual!

Sac State no longer issues paper parking stickers. To find information about the new License Plate Recognition system type: www.csus.edu/rensoc into your browser to access the Renaissance Society Home Page and click *Virtual Parking Permits*.

One-Time Presentations - Monday Big History Series [Ranny Eckstrom/David Lewis – Coordinators]					
Big History, (Cosmos, Earth, Life, and Humanity) is a big picture interdisciplinary view of history, science, and the humanities that explores human existence. This Spring we continue our focus on the evolution of people in groups - ancient and modern cities, and other topics. Cities have been called Human's Greatest Invention. Find out why. These Big History presentations are open to the public and are recorded, so that you can choose those you wish to attend.

One-Time Presentations - Wednesday Science Series [David Lewis – Coordinator]					
We will take six weeks to explore the distant past when the earth was one big snowball to the jungle world of the dinosaurs. Then, of course, to the current climate crisis. Or is it a crisis? Is it much ado about nothing or the beginning of the end of life as we know it? Will the human species survive? Or will we go the way of the dinosaurs? Then, no matter what we do, the earth will eventually become one big burned-out giant rock. Join us Wednesday afternoons to get your mind boggled. These programs will be recorded.					
Z/R/OE	2–3pm	Climate Change - From Snowball Earth to a Big Rock (6 weeks)	David Lewis	7-Feb–13-Mar	47
The standard belief is that the universe began with the Big Bang. Was there anything before the Big Bang? Well, maybe. And then there were stars and galaxies. But when? The James Webb Space Telescope is upsetting the "standard model". Then there is Dark Matter and Energy. What is that stuff, if it is stuff? Finally, to the distant future. There may be no stars in the sky. How can that be? Join us Wednesday afternoons for six weeks to explore the heavens. These programs will be recorded.					
Z/R/OE	2–3pm	Cosmology – The Big Bang to a Sky with No Stars (6 weeks)	David Lewis	20-Mar–24-Apr	48
