Upper Division GE (9 units) (can be the same as above courses):

Comments:

Key Advising Information:

Have students log in on MySacSt: Go to student services; student center:

Use the following forms/links:

Program Requirements Page

Degree Planner: Smart Planner

Sociology Major information:

Students do not need to follow any of the areas of concentration. They can take 17 units from any area. Students can only use 3 units of 195, 198 or 199 for major requirements. They can use as many as they want toward the 120 total graduation units.

Soc 101 is a pre-requisite for Soc 102. Need to make sure enrolled in Soc 101 the semester prior to last semester at Sacramento State.

Balance Core/Required Major courses throughout each semester, so not taking more than 2 in a given semester.

Make sure apply to graduate as soon as complete 85 units.

Transfer information:

- Most lower division classes will transfer for Sociology major, but lower division classes cannot substitute for upper division requirements.
- Four year University transfers: transfer as many classes/units as university accepts.
 - o Still have to complete residence requirement (30 units)
 - o Can request substitution for Upper Division Sociology classes taken at another university

General Education/Grad Requirements information:

Program Requirements Page informs students about what GE/Grad Requirements remain.

Can overlap with Sociology Classes (see GE in Catalog Sheet), which means double-dipping for major and GE/Grad requirements.

Writing Information:

WPJ: Writing Placement for Juniors (it is an assessment portfolio to place students in a class that will assist them in writing).

GWAR: Graduation Writing Assessment Requirement: This is now covered by the writing intensive class.

(Students will take WPJ prior to the writing intensive class.). All students required to take writing intensive class.

- We have three writing intensive class: 133 (Global Sport); 168 (self and society); 176 (Labor and American Social Structure). Not required to take writing intensive class in the major.

Two primary concerns of most students:

Progress to graduation?

What should I do about my schedule/plans/classes?
