Active community partnerships

*the following experiential learning programs at Sac State are using CalState S4: service learning, academic internships, community service and social work

Based on 2019 independent sector value of \$25.43/hour

CalState S4 Does More...

Saves Time

"The electronic signature process for our service-learning agreement really cut down a lot of time spent going back and forth with contracts and procurement. **S4 really created a sustainable solution for our office!**"

Pilar Pacheco
Director
Center for Community Engagement
CSU Channel Islands

83%

Less time required to process and finalize university-agency agreements for the majority of campuses with S4.

CalState S4's Time Tracking enables students to digitally log hours via their placement record and provides partners a secure, digital process to review and approve hours.

Provides Meaningful Data

CalState S4's flexible reporting feature allows campuses to **assess impact on student success**. S4 makes it easy to track student placement information, while also learning about our community partners to create efficiencies, and successful collaborations. The reporting download feature allows for more extensive analysis to occur at the campus and system level.

Supports Partnerships

Since 2015, CalState S4 has supported the management of **more than 120,000 off-campus academic learning experiences**, including community engagement, academic internships and professional field placements.

Currently, information for **more than 20,000 of the CSU's education, industry, government and nonprofit partners are retained in S4**. The easy to use searchable database allows students, agencies and campus staff to find and access all organization data points as captured in S4.

Creates Flexible Forms

More than 900 forms, with the help of S4 templates, have been created that meet the needs of a wide variety of experiential learning programs utilizing S4.

CalState S4's electronic forms save an average of **90 trees** per academic year!

Contact us if you'd like to find out how CalState S4 can support your campus.
