- c. Click "Confirm" at the bottom of page

After you finish the site placements, please inform your students to complete the online orientation forms and download the student learning agreement, emergency contact form and time log before they visit the site (if applicable). Once your students login to CECconnect, they should see the following purple box ("pending tasks") indicating that they have been placed by you

If your students do not see the "pending tasks" box, STOP. You probably did not place them at the site yet. Please login to CECconnect and repeat this process.

Please note, you can check if your students complete the online orientation from by logging in to CECconnect. On your course roster, there is a "Forms?" column. If you see a "yes," they completed the forms. If you see a "no," they still need to complete the forms as soon as possible.
