SACRAMENTO
STATE

THE REGION'S UNIVERSITY

Founded as Sacramento State College in 1947 with 235 students, Sacramento State is now more than 31,000 strong and the sixth largest of the 23 campuses in the California State University (CSU)

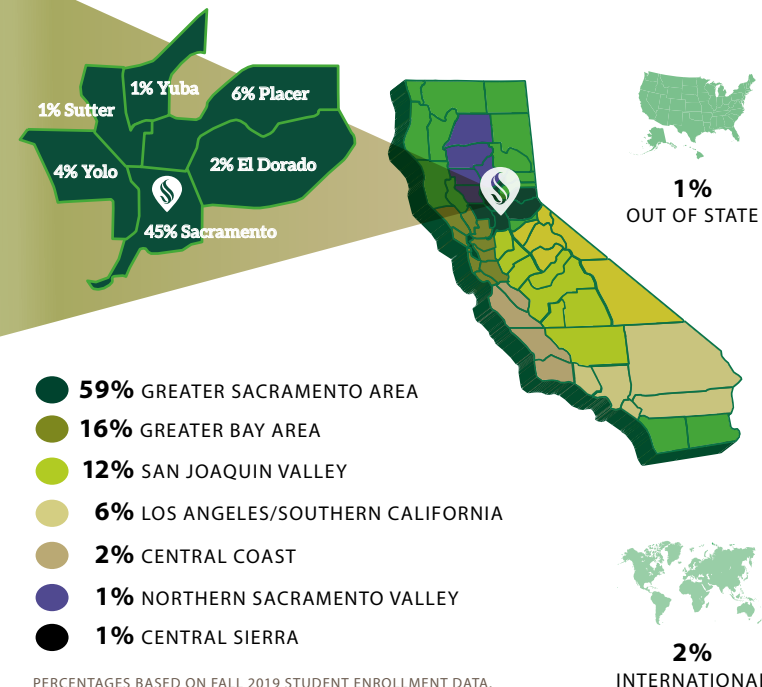

1 IN 20
ADULTS IN THE
REGION IS A

system. Located six miles from the State Capitol and a vibrant urban core, the University and the region it serves are intertwined. From research that results in impactful legislation, to entrepreneurial ideas that blossom into robust local businesses, Sacramento State provides immersive learning experiences that benefit students, the region, and beyond.

"As the region's university, Sacramento State is the opposite of an ivory tower. We aim to connect students, faculty, and staff with the community and, in turn, help build and heal that community, achieving lasting solutions and improvements through inclusive civic engagement."

*~ Robert S. Nelsen,
President*

faculty put students first. This focus on students goes beyond just the classroom.

From hiring more faculty, to adding classes, offering summer school grants, and providing more advising, Sacramento State is doing whatever it takes to help students stay on track and graduate.

ALUMNI
STRONG

in the mix. From California's youngest state legislator to newscasters, restaurateurs, entrepreneurs, teachers, nurses, law enforcement personnel, social workers, and accountants, these

graduates are making big things happen. Plus, alumni can remain connected to campus, and with each other, through the Alumni Association. All graduates are automatically members. Membership is free and is also open to all friends of Sac State.

Nicholas Haystings '16
Mechanical Engineering,
Executive Director, Square Root Academy

Changing the equation of engineering

After graduating, Nicholas Haystings had a successful career as an environmental engineer. But with a desire to give back, he co-founded Square Root Academy, a program that provides free Science, Technology, Engineering and Math (STEM) experiences for underrepresented kids. It gets students to not only think about STEM but believe they can attend college and be successful.

Nicholas Haystings is redefining the possible for Sacramento youth. He is *Made at Sac State*.

REACHING STAR STATUS

The ultra-modern Ernest E. Tschannen Science Complex opened in the fall of 2019. Thanks to 20 state-of-the-art chemistry and

biology labs, a Planetarium, an observatory with a retractable roof, and a living green terrace, more students than ever have an opportunity for cutting-edge science education at Sac

PLANETARIUM FEATURES A 2,500^{SQFT} DOME

State. The complex was funded in part by a \$9 million gift from Ernest E. Tschannen. In addition to being the coolest lecture hall on campus, the Planetarium also presents shows to local school kids and the general public.

The Planetarium has more than 80 SEATS for visitors to watch the stars.

EXCELLENCE EVERY DAY

Excellence is taking place around campus every single day in big ways and small, including these awards and achievements earned by the University and its students.

- *Sac State ranks 20th "Best Overall" for public universities in the Western United States. (U.S. News & World Report, 2019)*
- *The University is home to the first and most comprehensive paramedic program in the CSU system.*
- *School of Music received undergraduate college awards for Outstanding Performance Jazz Soloist; Outstanding Performance, Vocal Jazz Soloist; Winner, Blues/Pop/Rock Soloist at the 42nd annual DownBeat Magazine Student Music Awards.*

Sacramento State's vocal jazz group, the C-SUS Voices, was recognized as one of the **NATION'S TOP UNIVERSITY ENSEMBLES** at the Monterey Next Generation Jazz Festival and by DownBeat Magazine.

- *Doctorate in Educational Leadership program earned full membership from the University Council for Educational Administration (UCEA), just the second CSU campus and fourth California university to earn the distinction.*
- *School of Nursing averages the CSU's highest first-attempt pass rate with scores higher than UC Irvine and UCLA.*
- *The bachelor's degree in Gerontology is ranked 5th best in the nation. (College Choice)*
- *College of Business Administration has been AACSB-accredited since 1963, one of just 5% of the world's 16,000 higher education institutions to have earned this designation. (Association to Advance Collegiate Schools of Business)*

- *Sacramento State's Center for Information Assurance and Security (CIAS) is a designated National Center of Academic Excellence in Cyber Defense (CAE-CD) Education. This designation is jointly sponsored by the National Security Agency (NSA) and the Department of Homeland Security (DHS).*
- *The Master of Science in Accountancy program ranked 3rd nationally for Best Online Program and 6th most affordable. (SR Education Group)*
- *The ATLAS Summer Research Experience sends Sac State students to the world's largest and most powerful particle accelerator, the Large Hadron Collider at CERN in Geneva, Switzerland. There, they study proton-proton collisions alongside experts in high-energy particle physics. Sacramento State is one of only two undergraduate institutions in this program.*

*Construction Management has enjoyed **100% JOB PLACEMENT** for its graduates since 2011.*
