*The IDC Sharing Plan applies to the indirect funds recovered by Academic Affairs. On UEI-administered grants/contracts AA receives 40% of recovered IDC. In the rare case of a university administered agreement due to a funder mandate, it is the amount remaining after cost reimbursement of campus services/resources. For sharing plan memo, visit <https://www.csus.edu/research/FA-share-memo-Final.pdf>. The federal government refers to IDC as Facilities and Administration (F&A) costs (see 2 CFR 200.414).
