**Fringe Benefit Rates** (Effective August 2018):
- 59.3% for faculty requesting reimbursed time*
- 59.3% for full-time benefitted staff*
- 12% for faculty requesting additional employment (academic year, summer or winter session)
- 10.5% for student assistants and/or research assistants (undergraduate or graduate)
- 15.5% for students (undergraduate or graduate) performing field work or field research

*For multi-year projects, include a 2% increase in the rate in each subsequent year.

**Travel Rates:**
- 58 cents/mile for local mileage (effective January 1, 2019)
- $55/day for per diem, plus $7 for incidentals

**Facilities and Administrative/Indirect Cost Rates:**
Per the federally negotiated rate agreement dated June 19, 2019, the F&A rates for the University and University Enterprises, Inc. (UEI) are as follows:

- **On-campus:** 42% of Modified Total Direct Costs (MTDC)
- **Off-Campus:** 22% of Modified Total Direct Costs (MTDC).

**Rate Agreement:** [F&A Rate Agreement (PDF)](https://example.com)

Federally negotiated F&A costs, also known as indirect costs, are charged against modified total direct costs (MTDC). MTDC consist of all salaries and wages, fringe benefits, materials, supplies, services, travel, and subgrants and subcontracts up to the first $25,000 (regardless of the period covered by the subgrant or subcontract). Modified total direct costs exclude equipment, capital expenditures, charges for patient care, tuition remission, rental costs of off-site facilities, scholarships, and fellowships as well as the portion of each subgrant and subcontract in excess of $25,000. At Sacramento State equipment is defined as an item having an acquisition cost of $5,000 or more and a useful life of over one year.

For State of California agreements, the CSU and UC negotiated with the State to develop the [AB20 California Model Agreement (CMA)](https://example.com). Effective 7/1/2019, the UC and CSU have agreed to jointly escalate the minimum F&A/Indirect rate to:

- 30% MTDC for all State of California agreements.

Exceptions require Chancellor’s Office approval. Also note: federally funded subawards from the State continue to be subject to the federal Uniform Guidance (2CF 200.331(a)(4)) which outlines the campus should budget and receive its federally negotiated rate for the project as allowable by the federal program.

* A project is considered off-campus if the activity is conducted at locations other than in University or UEI-owned or operated facilities and indirect costs associated with physical plant and library are not considered applicable to the project.
