Course technology requirements

This course is delivered 50% online with in-class meetings once a week. Handouts and assignments are distributed only via Canvas. **Students have a responsibility to access course materials and assignments in a timely manner;** the

instructor will not be held responsible for any circumstances, technical or personal, that prevent access to course material.

All required technology is available at low or no cost through student support services at Sac State. The CSUS library and Instructional Resource Technology office provide **free laptops** and Microsoft Word for students to use on a short- or long-term [basis](#). Students may use personal computers, but they must meet the following requirements:

- High-speed internet connection.
- Access to Canvas throughout the semester.
- Ability to use Zoom, Microsoft Word, and Adobe software.

Please do NOT use Google Docs OR portable devices as word processors in this course. The history profession uses Microsoft Word for its robust tools, especially footnotes. Google Docs often does not format footnotes correctly, and it is good to practice using the industry standard. **Use a computer and the desktop version of MS Word.** To obtain your free desktop version of MS Word (and Microsoft 365), go to office365.csus.edu and login with your Sac State login and password. Click on "Install and more."

For technical questions about Canvas, please:

- See [Canvas for Students](#) for common Canvas questions and solutions.
- Email the [Academic Technology Center](#) in AIRC 2005.
- Call (916) 278-7337.

The use of artificial intelligence to complete assignments without instructor permission is considered by the university to be academic dishonesty. The goal of an education is not to complete assignments but to learn. Learning involves direct engagement with material and practice. Anything that prevents students from engagement and practice (such as plagiarism, buying a paper from someone else, or using AI to write papers) does not contribute to learning but in fact undermines it. Any work determined to be AI generated in this class will therefore be treated as the equivalent of plagiarism according to the policies in this syllabus. However, spelling and grammar checkers that do not write or rewrite papers are allowed.

Crisis Assistance & Resource Education Support (CARES)

If you are experiencing challenges with food, housing, financial or other unique circumstances that are impacting your education, help is just a phone call or email away. The [CARES](#) office provides case management support for any enrolled student.

Disability Access Center (DAC)

Sacramento State is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class,

please immediately contact the [Disability Access Center \(DAC\)](#) to discuss eligibility. A current accommodation letter from DAC is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided.

- Complete one or more **short expository written essays** with a coherent argument supported by primary and secondary source evidence. The assignment will include multiple drafts.

Part 3: Course assignments

Students will meet the objectives listed above through a combination of the following activities. Details on rubrics, grading criteria, and assignment information are posted on the Canvas site. All deadlines are Pacific Time.

I. Classroom attendance. For each class meeting, students will receive 1 point for attendance and 0 points for non-attendance. Points will be added together and scored using the standard percentage scale, e.g. two absences = 13/15 or 87%, B+. **No late work accepted.**

II. The Scaffold. The Scaffold consists of online assignments that help students think about, organize, and write the course essays. These assignments will vary in length and format. Satisfactory completion will usually result in 1 point (although some may be worth more). At the end of the semester all points will be added together to provide a percentage-based total Scaffold letter grade, e.g., two missed Scaffold points = 12/14 or 86%, B. **Scaffold assignments are due before 11:59 p.m. Sunday in each module until module 13, when they are due BEFORE 11:59 p.m. the day before each class meeting. No late work accepted.**

III. Historical thinking exercises. These exercises are one or two short online assignments taken from the Salevouris/Furay workbook. Their format will vary, but each exercise will be worth around (but not always) 5-10 points per week; students will receive all points for satisfactory completion of the entire assignment. At the end of the semester all points will be added together to provide a percentage-based total historical thinking letter grade, e.g., four missed historical thinking points = 13/17 or 77%, C+. **Historical thinking exercises are due before 11:59 p.m. the day BEFORE each class meeting. We will cover the exercises in class, so please also write the answers in the book. No late work accepted.**

IV. Historical writing exercises. In all modules there will be online assignments from the Hacker/Sommer Macmillan Achieve website. The format will vary, but each exercise will usually be worth around 10-30 points per week; students will normally receive all points for satisfactory completion of the entire assignment. At the end of the semester all points will be added together to provide a percentage-based total historical writing letter grade. **Historical writing exercises are due before 11:59 p.m. the day BEFORE each class meeting. No late work accepted.**

V. Secondary source essay. This assignment is a formal paper of at least 1,000 words (ca. 4 double-spaced pages) that includes **an argument supported by secondary source evidence**. It is centered EITHER around the topic (but NOT the documents) included in Appendix A of Salevouris/Furay ("Fur Trade on the Upper Missouri River") OR a topic chosen from a list made available by the instructor. The specifics of this assignment are available on Canvas and will be discussed in class. **Late work accepted with a penalty.**

VI. Primary source essay. This assignment is a formal paper of at least 1,000 words (ca. 4 double-spaced pages) that includes **an argument supported by the primary sources included in appendix A of Salevouris/Furay ("Fur Trade on the Upper Missouri River")**. The specifics of this assignment are available on Canvas and will be discussed in class. The completion of this essay will involve several drafts with in-class review. **No late work accepted.**

Part 5: Grading policy

Graded course activities

Grades are based on the average grade in each activity category, not a cumulative point system. **To pass the class, students must demonstrate passing competence (60% or above) attempted in 60% or more of assignments within categories AND in 60% or more of all categories. In this class, then, students who fail more than three categories will fail the course. Students must also complete the final to pass the class. Students will be expected to follow the writing guide posted on Canvas in categories with formal writing.** Each category will be combined using this weighting:

Category	Assignment	% of course grade
I	Classroom attendance	15
II	The Scaffold	15
III	Historical thinking exercises	15
IV	Historical writing exercises	15
V	Secondary source essay	20
VI	Primary source essay	20

Late work

Be sure to pay close attention to deadlines as **there will be no makeups for online work after each module closes for any reason.** To be fair to students who work hard to make deadlines, late essays will receive a full letter grade penalty. **No other assignments will be accepted late.** Late essays will normally

be graded at the end of the semester, not when submitted, except upon request by the student directly to the instructor.

These late policies will be in force also for foreseeable scheduled power outages, COVID-19 physical distancing regulations, travel, and work schedule changes. Students are expected to be aware of technical and social limits that may impact their area of residence and to plan around them by completing work in advance and notifying the instructor.

Viewing grades in Canvas

This class does not use the Canvas gradebook for calculations. Grades and student progress indicators are calculated in an Excel spreadsheet and uploaded by the instructor. They can be viewed in the Canvas gradebook or Canvas assignments section (**click "View By Type"**). **For information see module 0.** The instructor will update the online grades each time a grading session has been complete (typically 7 days after the completion of an activity but often quicker).

Letter grade assignment

Grades for essays are given as letter grades, averaged together in a 12-point system. Grades for other assignments are given as letter grades based on a standard percentage scale. All are computed and rounded by Canvas or Excel. Missing work will be scored as 0.

Letter grade earned	Points used in calculation	Percentage equivalent	GPA equivalent	Standard
A	12	93-100	4.0	Excellent work
A-	11	90-92	3.7	Nearly excellent work
B+	10	87-89	3.3	Very good work
B	9	83-86	3.0	Good work
B-	8	80-82	2.7	Mostly good work
C+	7	77-79	2.3	Above average work
C	6	73-76	2.0	Average work
C-	5	70-72	1.7	Mostly average work
D+	4	67-69	1.3	Below average work
D	3	63-67	1.0	Poor work

F	1	Below 60	0.0	Failing work
F	0	0	0.0	Not attempted

Part 6: Course policies

Build rapport

If you find that you have any trouble keeping up with assignments or other aspects of the course, make sure you let your instructor know as early as possible. As you will find, building rapport and effective relationships are key to becoming an effective professional. Make sure that you are proactive in informing your instructor when difficulties arise during the semester so that we can help you find a solution.

Complete assignments

All assignments for this course will be submitted electronically through Canvas. Assignments must be submitted by the given deadline. Late or missing assignments will impact the student's grade.

Understand when you may drop this course

It is the student's responsibility to understand when they need to consider disenrolling from a course. Refer to the Sac State Course Schedule for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons include documented and significant change in work hours, leaving student unable to attend class, or documented and severe physical or mental illness or injury to the student or student's family.

Incomplete policy

Under emergency or special circumstances students may petition for an incomplete grade. Incompletes will not be given except for a documented emergency that prevents completion of the final assignments (missing online work is not eligible).

Communication policy

The instructor monitors email daily and will respond when contacted with questions. Normally a response should come immediately, but students should wait at least 24 hours before sending follow-up communications. The instructor will normally give feedback on assignments only through Canvas course rubrics but is happy to provide more personalized feedback by email, Zoom, or in person.

Part 7: Commit to integrity

By taking this class you agree to abide by the guidelines described in this syllabus and on the academic honesty page available on the Canvas site.

Students must respect the intellectual property of others in this class. Make sure to cite sources of other people's ideas; do not pass them off as your own. Copying from other students, assigned course work, or outside web sites without quotation and attribution will be treated as plagiarism and dealt with according to university policy. Students who plagiarize will be warned and receive an F for that assignment. On the second infraction, the student will receive an F for the course.

Turnitin tool

Formal written essays are reviewed using the Canvas Turnitin tool for writing feedback and originality check purposes.

Consistent with Sacramento State's efforts to enhance student learning, foster honesty, and maintain integrity in our academic processes, instructors may use a tool called Turnitin to compare a student's work with multiple sources. The tool compares each student's work with an extensive database of prior publications and papers, providing links to possible matches and a "similarity score." The tool does not determine whether plagiarism has occurred or not. Instead, the instructor must make a complete assessment and judge the originality of the student's work.

Students should submit essays to Turnitin assignments without identifying information included in the paper (e.g., name or student number), the system will automatically show this info to faculty in your course when viewing the submission, but the information will not be retained by Turnitin.

Sac State's academic honesty policy & procedures

"The principles of truth and honesty are recognized as fundamental to a community of scholars and teachers. California State University, Sacramento expects that both faculty and students will honor these principles, and in so doing, will protect the integrity of academic work and student grades."

Definitions (from the Sacramento State University Library)

At Sac State, "**cheating** is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means." For clarity, "**plagiarism is a form of cheating**," defined by the university as "the use of distinctive ideas or works belonging to another person without providing adequate acknowledgement of that person's contribution."

The use of artificial intelligence to complete assignments without instructor permission is considered by the university to be academic dishonesty. Any work determined to be AI generated in this class will be treated as the equivalent of plagiarism according to the policies in this syllabus.
