Please bring several large bluebooks to each exam, as well as pens and pencils. All exams are graded pass/fail--80% or above is a pass--and must be passed to complete the culminating requirement for the MA in Spanish. Re-takes of any individual exam are allowed just once and must be done during MA exam week next semester.

Exam results will be sent out by the graduate advisor to all examinees. Please consult with faculty examiners starting the Friday two weeks after exams if you have specific questions about any of the exams, which are kept by faculty for two weeks before being sent to the Office of Graduate Studies.
