As determined using educational assessments, the pupil's functioning, including cognitive functioning, is at a level sufficient to enable the pupil to benefit from mental health services.

The LEA has provided counseling, psychological, or guidance services to the pupil pursuant to Section 56363 of the Education Code, and the IEP team has determined that the services do not meet the pupil's educational needs; or, in cases where these services are clearly inappropriate, the IEP team has documented which of these services were considered and why they were determined to be inappropriate.

(2) If any authorized representative is not present, the IEP team meeting shall be adjourned and be reconvened within fifteen (15) calendar days as an expanded IEP team with an authorized representative from the community mental health service participating as a member of the IEP team pursuant to Section 7572.5 of the Government Code.

(3) If the community mental health service or the LEA determines that additional mental health assessments are needed, the LEA and the community mental health service shall proceed in accordance with Sections 60040 and 60045.

(c) Prior to the determination that a residential placement is necessary for the pupil to receive special education and mental health services, the expanded IEP team shall consider less restrictive alternatives, such as providing a behavioral specialist and full-time behavioral aide in the classroom, home and other community environments, and/or parent training in the home and community environments. The IEP team shall document the alternatives to residential placement that were considered and the reasons why they were rejected. Such alternatives may include any combination of cooperatively developed educational and mental health services.

(d) When the expanded IEP team recommends a residential placement, it shall document the pupil's educational and mental health treatment needs that support the recommendation for residential placement. This documentation shall identify the special education and related mental health services to be provided by a residential facility listed in Section 60025 that cannot be provided in a less restrictive environment pursuant to Title 20, United States Code Section 1412(a)(5).

(e) The community mental health service case manager, in consultation with the IEP team's administrative designee, shall identify a mutually satisfactory placement that is acceptable to the parent and addresses the pupil's educational and mental health needs in a manner that is cost-effective for both public agencies, subject to the requirements of state and federal special education law, including the requirement that the placement be appropriate and in the least restrictive environment.

(f) The residential placement shall be in a facility listed in Section 60025 that is located within, or in the county adjacent to, the county of residence of the parents of the pupil with a disability, pursuant to paragraph (3) of subsection (a) of Section 300.552 of Title 34 of the Code of Federal Regulations. When no nearby placement alternative which is able to implement the IEP can be identified, this determination shall be documented, and the community mental health service case manager shall seek an appropriate placement which is as close to the parents' home as possible.

(g) Rates for care and supervision shall be established for a facility listed in Section 60025 in accordance with Section 18350 of the Welfare and Institutions Code.

(h) Residential placements for a pupil with a disability who is seriously emotionally disturbed may be made out of California only when no in-state facility can meet the pupil's needs and only when the requirements of subsections (d) and (e) have been met. Out-of-state placements shall be made only in residential programs that meet the requirements of Welfare and Institutions Code Sections 11460 (c)(2) through (c)(3). For educational purposes, the pupil shall receive services from a privately operated non-medical, non-detention school certified by the California Department of Education.

(i) When the expanded IEP team determines that it is necessary to place a pupil with a disability who is seriously emotionally disturbed in residential care, the community mental health service shall ensure that:

(1) The mental health services are specified in the IEP in accordance with Title 20, United States Code Section 1414(d)(1)(A)(vi).

(2) Mental health services are provided by qualified mental health professionals.
