

Application Exercise Homework Worksheet

(3 pages of homework REQUIRED for each unit; this worksheet is OPTIONAL)

To prepare for each Application Exercise, in addition to reviewing in depth the assigned historical record of Asian practice, you must bring a homework page to class which lists THREE REFERENCES gathered FROM EACH of the THREE HISTORICAL RECORDS assigned during the relevant unit. These references should REFER TO THE ANNOTATIONS you have made in your copies of these readings, as per suggestions in the Reading Guides.

IMPORTANT: Only students with **complete homework** will receive **full credit** for a given Application Exercise; others will receive **half credit**.

I recommend you use the framework below, handwriting or typing responses according to preference. Even if most of your notes are in the margins of your source, you should also create a brief list of relevant passages with p #s.

homework prompt (see **bottom third** of scenario for the unit):
