

Mini-Midterm #2

(neatly handwritten or typed—ONE PAGE MAXIMUM)

Choose & circle one set of 2-3 terms listed here, and answer the two questions about them below:

NOTE: you may **not** mix terms from the different sets.

pāśa, Āgama, & Śaiva Siddhānta

bhakti, paddhati, & mantra

Viṣṇu, pūja, & bhakti

1. Compose the **1-2 sentence statement** that specifies most precisely the significance of all three terms in relation to one another. You should make clear to what each term refers, citing relevant page #s from secondary readings; but you must also use your own words to explain connections between the terms rather than simply listing the meaning of each.

2. List **three (3) excerpts** from **different thirds of one primary source** (NOT scholarly commentary) **from the Unit 3**, each of which supports the statement presented in #1. The significance of each term should be reflected in at least one excerpt, though excerpts need not mention terms explicitly.

Title of Primary Source: _____
