

Chemistry Club notes:

Happy Monday, it is April 24th and there is so much to be done. Today in Chemistry Club there was a lot of discussion:

- 1.) DA Crime lab sign up sheet passed around: Address 4800 Broadway; tour is 3pm on Fri 4/28.
- 2.) ACS -American Chemical Society Membership (email Jake or message in discord about more info)
- 3.) Elections for 2023-24 club officers - Make sure to be present for every meeting or try to as it is a role for all officers. The presentation on positions was explained by our President, Jake. Nominations and elections at next meeting on Mon 5/8.
- 4.) Admitted Students Weekend - Fri 4/28, 12-5pm; tabling in 5th floor SQU lobby; volunteers needed to table and talk to newly admitted students.
- 5.) Potluck for Mon 5/8 meeting - Sign up sheet was passed around. Must attend the potluck to vote in the elections.
- 6.) October's Event - Expanding Your Horizons with Middle schoolers; we can use ideas to design science experiments. Planning two workshops in one day.

Along with these events being discussed, Discord will also have reminders sent out when next events are to be held. Be sure to ask on the server, it is recommended to not keep the chat muted for too long, and good luck with your classes! Stay hydrated, stay safe, stingers us.
