

## Age of Rocks on the Continents

[http://www.lithosphere.info/TC1-2006/TC1\\_Fig2-ages-062006.jpg](http://www.lithosphere.info/TC1-2006/TC1_Fig2-ages-062006.jpg)

The ages on this map are shown in millions of years. The oldest rocks are purple; the youngest rocks are red. 3000 million years is the same as 3 billion years.

## Age of the Ocean Floor
