

# Hornet Laptop Discount Program

*How to buy your new laptop and apply your HEERF discount*

## In-person

*"I'd like to see and discuss my options"*

*"I need it right away, and can pick it up"*

1

- Call ahead to check in-store availability at 916-278-5701, or drop-in to purchase and/or place an order during Hornet Bookstore open hours - no appointment necessary.
- Ask us to lookup your HEERF discount amount before you shop.

2

At checkout, your cashier will ask for your Student ID to apply your HEERF discount, and next how you'd like to pay the balance (credit card or cash, or add to your Student Account through the Bookstore Loan Program).

*Through the Bookstore Loan Program, you're welcome to add other eligible coursework essentials in the same transaction (up to \$2,000), but the HEERF discount will only apply to an eligible laptop.*

3

That's it! Be sure to hang onto your receipt, and in addition to the standard manufacturer's 1-year warranty, consider purchasing an additional Safeware protection plan which includes accidental and liquid damage protection. You can purchase it in-store within 1 year of buying your laptop.
