International Applicant Frequently Asked Questions (FAQs)

➤ Will I receive confirmation that you received my application?

Applicants receive two separate emails confirming the application was received. The first email will come from calstateapply@liaisoncas.com confirming your application was received. The second email will be sent from Sacramento State's International Admissions Team, which contains your Sac State ID number, and instructions on setting up your student account. This email is generally sent 2 business days after you've submitted the application online. The email also provides instructions on how and where to submit your supporting documents. If you do not receive an email from Sac State with your ID number, it is incredibly important that you contact us at intlinfo@csus.edu. We recommend that you provide your full name, date of birth, and Cal State Apply ID number.

➤ How do I create my Sac State email address?

Once you have your Sac State ID, please set up SacLink Account [here](#). **Pro Tip:** Be sure to enter in **only the last 4 digits** of your Sac State ID. If you receive an error message, contact our office at intlinfo@csus.edu. Most errors are due to students inadvertently transposing the birth month and day. Use your account to access My Sac State at: <http://my.csus.edu>. Your My Sac State web portal will take you to the Student Center which can be used to find information about your application status, "to-do" list, and other important information you will need throughout your time at Sacramento State. If need assistance navigating your My Sac State, please watch [How to Navigate your Student Center video](#).

➤ How do I report my test results to Sacramento State?

TOEFL: As countries begin to reopen from the global pandemic, so are [TOEFL iBT](#) test centers. Almost every country has some test centers open, with nearly half of test centers worldwide outside of China reopened. Openings vary by country and depend on the threat of the coronavirus and local government requirements, which are outside of ETS's control. If you want to register for a test, you can [search for currently available test seats in your area](#).

In countries where test center testing remains limited, you can take the test at home with the [TOEFL iBT Special Home Edition](#).

Official TOEFL score reports can be sent to Sacramento State through ETS using school code 004671.

IELTS: In response to the global pandemic, [IELTS](#) has introduced the IELTS Indicator, an online test aimed to help students progress their study abroad applications. You can learn more about IELTS Indicator [here](#).

In locations where it is permitted and safe to do so, IELTS testing is going ahead, with additional precautions in place. A full list of countries where the IELTS is open for testing can be found [here](#).

Pro Tip: At this time, we recommend that you submit unofficial copies of your test scores, along with your other supporting documents so that our team may provide an admission decision immediately to intldocs@csus.edu.
