Faculty FTE and Student FTE by Faculty Status (Fall 2008)

Methodology and Data Sources

1. **Headcount:** The total number of faculty listed as full-time, FERP, part-time, and teaching assistant. Faculty members with more than one assignment are only counted once and are attributed to the department with the greatest portion of FTE. This includes faculty on sabbatical and/or those without a current teaching load. Moreover, this excludes librarians and coaches, except in the case of those who teach courses.

2. **All Full Time Equivalent Faculty (FTEF):** All full-time faculty members are counted as 1 FTE. FTE for part-time faculty, early Retirement Program members (FERP) and Teaching Assistants are calculated based on their particular HR contracts. This also includes faculty on sabbatical and/or those without a current teaching load.

3. **Instructional FTEF:** This incorporates only those faculty members with in-classroom workloads, including supervisory teaching, and/or instructors who are administrators or staff. The FTE for Full-time faculty is calculated as WTU/12. The FTE for Part-time, FERP, and Teaching Assistants are calculated as WTU/15. These FTEF are allocated to the department offering the course, regardless of the instructor's affiliation.

4. **Student FTE (FTES):** FTES are calculated by dividing the sum of the Student Credit Units (SCU) by 15 for Undergraduates and 12 for Graduate Students. For example, if a course is a 3- credit unit class with an enrollment of 47 undergraduate students and 1 graduate student, the student FTE would be computed as $(47 \times 3) / 15 + (1 \times 3) / 12 = 9.4 + 0.25 = 9.65$. These FTES are allocated to the department offering the course, regardless of the instructor's affiliation.

Data Sources : Faculty Headcount and All Faculty FTE are based on HR Data files (per a snapshot taken October 1st). Instructional Faculty FTE and Student FTE are based on the final APDB file which has been approved and recalculated by the Chancellor's Office.
