Full-Time Equivalent Faculty and Full-Time Equivalent Student by Faculty Status (Fall 16/Spring 17)

Methodology and Data Sources

1. Headcount: The total number of faculty listed as full-time, FERP, part-time, and teaching assistant. Faculty members with more than one assignment are only counted once and are attributed to the department with the greatest portion of FTE. This includes faculty on sabbatical and/or those without a current teaching load. Moreover, this excludes librarians and coaches, except in the case of those who teach courses.
2. Instructional FTEF: This incorporates only those faculty members with in-classroom workloads, including supervisory teaching, and/or instructors who are administrators or staff. The FTE for Full-time faculty is calculated as $WTU/12$. The FTE for Part-time, FERP, and Teaching Assistants are calculated as $WTU/15$. These FTEF are allocated to the department offering the course, regardless of the instructor's affiliation.
3. Full Time Equivalent Student (FTES): FTES are calculated by dividing the sum of the Student Credit Units (SCU) by 15 for Undergraduates and 12 for Graduate Students. For example, if a course is a 3- credit unit class with an enrollment of 47 undergraduate students and 1 graduate student, the student FTE would be computed as $(47 \times 3)/15 + (1 \times 3)/12 = 9.4 + 0.25 = 9.65$. These FTES are allocated to the department offering the course, regardless of the instructor's affiliation.
4. Course by Level. All course sections are divided into pre-collegiate, lower division, upper division and graduate level. Team-taught courses and cross-listed courses are counted for each instructor.

Data Sources : Faculty Headcount is based on HR Data files (per a snapshot taken October 1st and April 1st). Faculty who have >1 contract was counted in their primary department regardless of WTU. Instructional Faculty FTE and Student FTE are based on the final APDB file which has been
