

November Star Awards

Jodi Shultz, Student Engagement & Success

In all her years of service to Sac State, Jodi continues to be shining STAR for the Division. She goes above and beyond every day in serving the office and our students. Whether it be supervising student employees, managing multiple busy calendars, providing exemplary support to her supervisors, or answering numerous questions, Jodi does it all without missing a beat. She seems to be everyone's "go-to" person in the VP's office for questions, issues, and advice. She has served on numerous search committees and her opinion is invaluable. I highly recommend Jodi for the STAR of the Month.

November Nominees

Jennifer White, Financial Aid & Scholarships

I would like to nominate Jennifer White for the Star Award. I believe that Jennifer is the best choice for the Start Award because of her ongoing support and dedication to the Scholarship office. We recently hired three new scholarship analysts in our department (including myself). The department can be very challenging with all the moving pieces. Jennifer has been very helpful in guiding us through each phase and even if she is busy throughout her day, she never hesitates to answer our questions. Thank you for all that you do we truly appreciate you and the guidance you are providing to our department.
