

Outstanding Mentoring 2022

Lilia Contreras, College Assistance Migrant Program (CAMP)

I nominate Lilia Contreras, the Program Coordinator of the College Assistance Migrant Program (CAMP). Lilia served as an interim before becoming the Program Coordinator. She has exhibited exemplary mentorship to her team and the students she serves. She was crucial in recruiting the most significant CAMP class they have ever had, 80 first-year students. Lilia maintains an open-door policy for her students and staff. Her commitment to the program can be seen every day. The students light up when they speak to her! Hundreds of students come by weekly due to the safe space she has created for them. Lilia manages a team of over ten employees and does it gracefully. She's dedicated to her team's growth and success.
