

Dreamer Allies Directory

The *Dreamer Allies Directory* is a compilation of individuals that have completed the Dreamer Ally Training offered by the Dreamer Resource Center at Sacramento State. The training is designed for staff, faculty, and others who work with undocumented students at Sacramento State. It provides an overview of the federal and state policies that impact undocumented students on a day to day basis, the unique conditions experienced by these students, activities to better understand the needs of this population, and tools to become allies and ultimately advocates for undocumented students and students with mixed-status families at Sacramento State.

Upon completion of the training, individuals receive a “Dreamer Ally” decal. The decal communicates to undocumented students that the individual, who has the decal prominently displayed, is an ally committed to working toward providing a safe, confidential support network for members of the undocumented community.

The directory below is separated into three sections: Staff, Faculty, and Administrators, Student Leaders, and Members of the Community. Please use the directory to identify individuals who have completed the Dreamer Ally Training and who the DRC considers allies for undocumented and mixed-status students.
