# Appendix A: Setting Up Your Availability & Target Hours

Target Hours allow staff to restrict the number of hours in which they can be scheduled for appointments via Student Scheduler.

- Staff set their Target Hours in the **Scheduling Target Hours** section.
- Target Hours have two aspects:
  1. **Target Hours Per Week:** This is the maximum number of hours per week in which they can be scheduled for an appointment. (You can set this between 1-168 hours.)
  2. **Block scheduling for the week when target is hit:** If selected (and hours have been reached), the staff member will no longer be available to students for appointments for the remainder of the week.
- **Note:** Target Hours are calculated against all Services, Locations, and Care Units. Your Leadership Team will provide clarification on how this feature should be used.

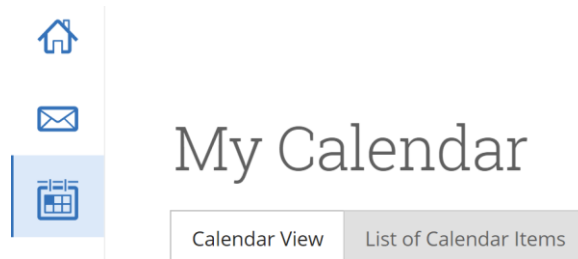

# Appendix B: Sync Your **Google** Calendar

## Integrating Your Calendar

**PLEASE ONLY SYNC YOUR CALENDAR IN THE PRODUCTION SITE**

The availability you set up within Navigate dictates students' ability to schedule appointments with you. You have the added option to integrate your calendar with the Navigate platform to pull in Free/Busy times from your personal calendar and push appointments scheduled in Navigate to your personal calendar.

**Step 1:** Click on the Calendar Icon on the left side toolbar (third icon from the top).

**Step 2:** Click "[Settings and Sync](#)" in the upper right-hand corner

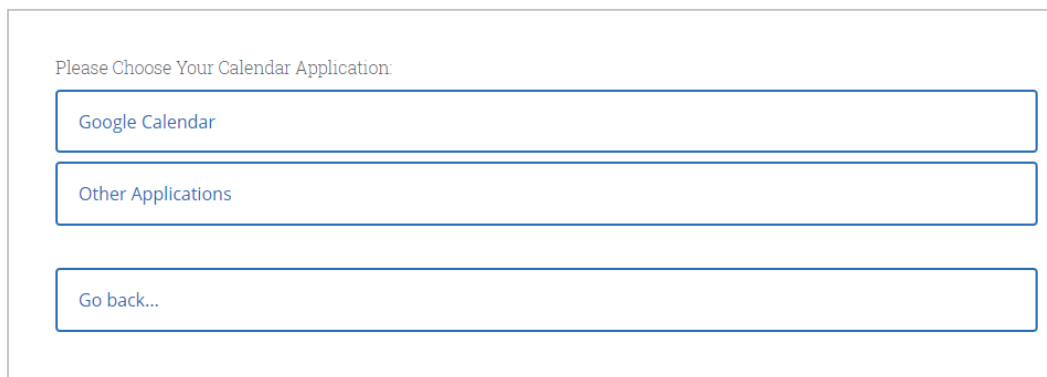

**Step 3:** Click "Setup Sync..."

You can now sync your calendar by clicking the "Google Calendar" button. You will be prompted to complete the sync from your Gmail account confirming your request to sync. Click "Allow". You will then be relocated back to Navigate. Click on the drop down for "**calendar for two-way sync**" and select your Gmail address. Finally, click the "Save and Update" button. This should complete your calendar sync. Please log into Gmail to view your calendar and compare it against the calendar within Navigate. You can reach out to your Business Analyst for any technical questions. You can also reach out to your Dedicated Consultant for management and use of the calendar from a functional aspect.

The Two-Way Sync will enable that any agenda item created from the platform will sync back to your Google Calendar. All existing events and events that are created from Google Calendar will be shown as 'Busy.'

# Appendix B: Sync Your **Outlook** Calendar

## Integrating Your Calendar

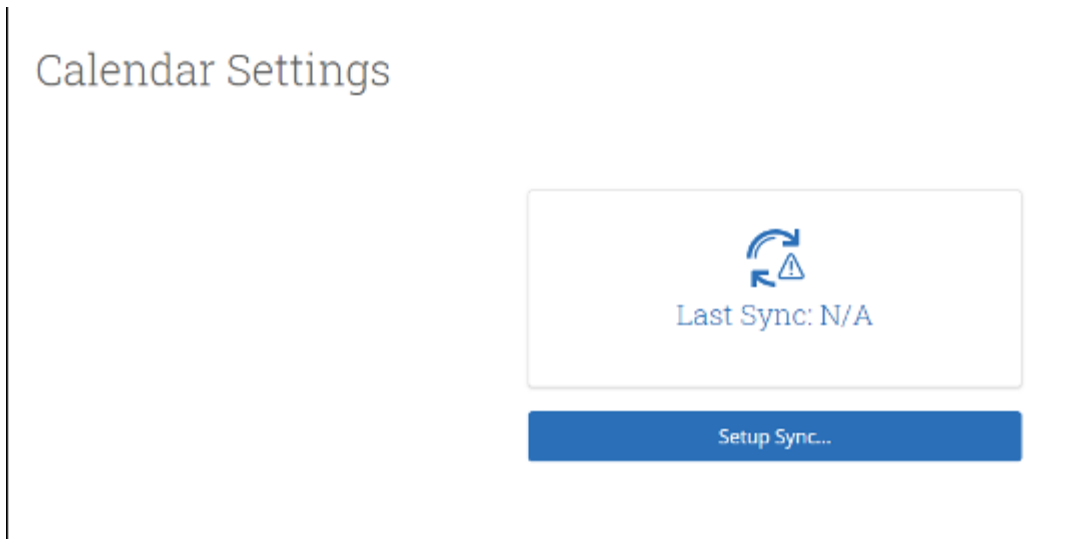

PLEASE ONLY SYNC YOUR CALENDAR IN THE PRODUCTION SITE

If you click **Microsoft Outlook** instead of the **Use Office365 (Latest Version)** button, you choose your Microsoft Outlook sync. Select **Microsoft Office 365 (Latest Version)** from the options.

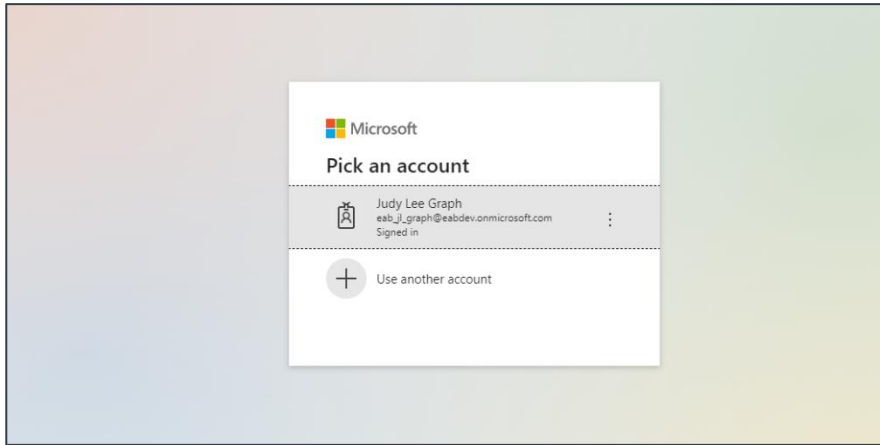

Regardless of which method you choose, the Microsoft login and authorization page opens. The page tells you to pick an account. Choose your professional account.

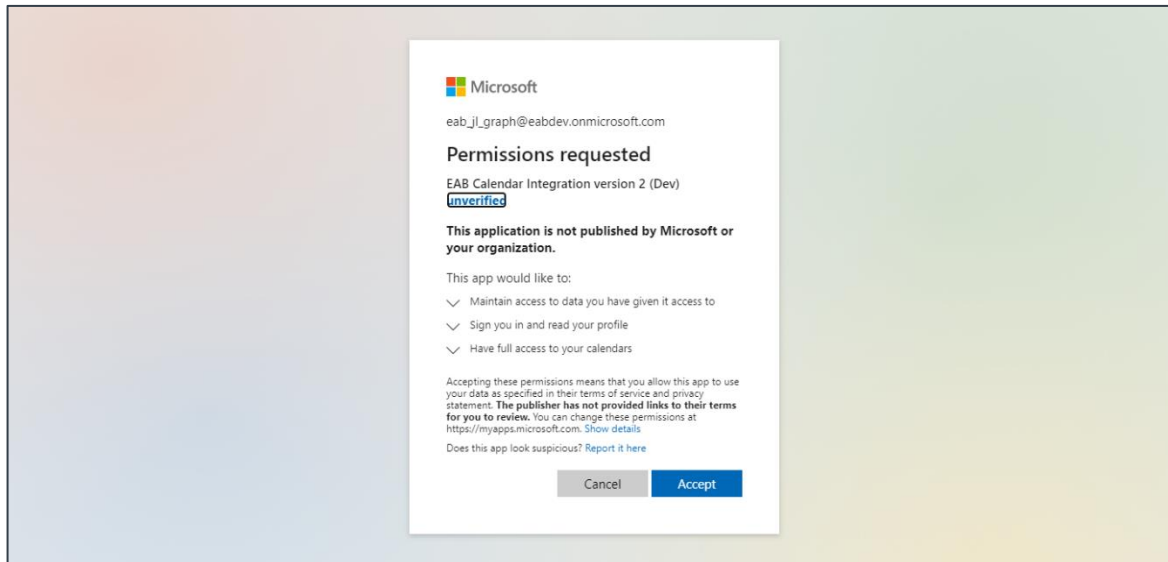

# Appendix B: Sync Your Outlook Calendar (cont...)

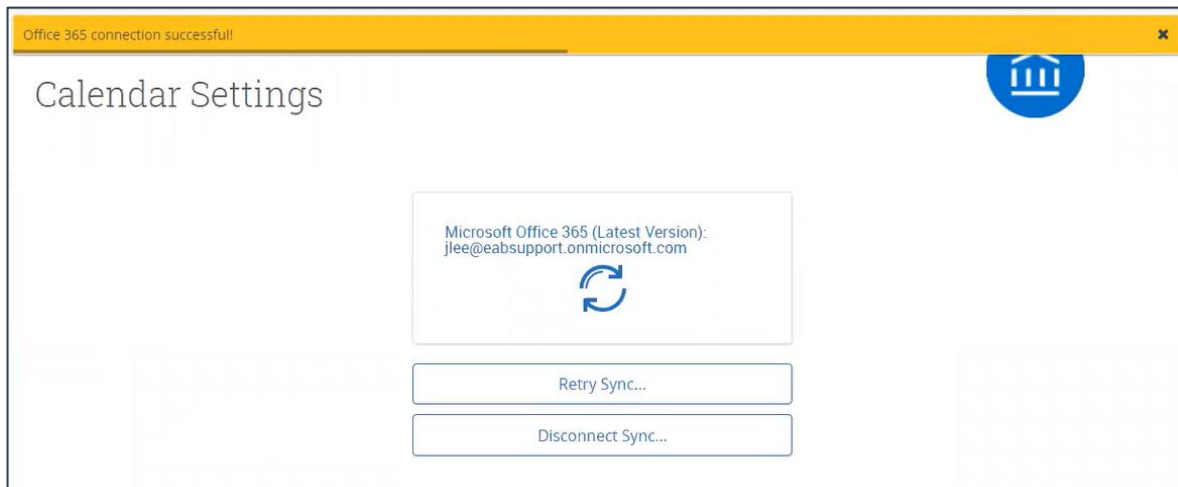

## Integrating Your Calendar

If you log in successfully, you see a page requesting permissions.

Select **Accept**. The page redirects to the Navigate Calendar Settings page, with a success message and information about the sync on display.

# Appendix C: Mass Email and Text a Group of Students

## Communicating with Students

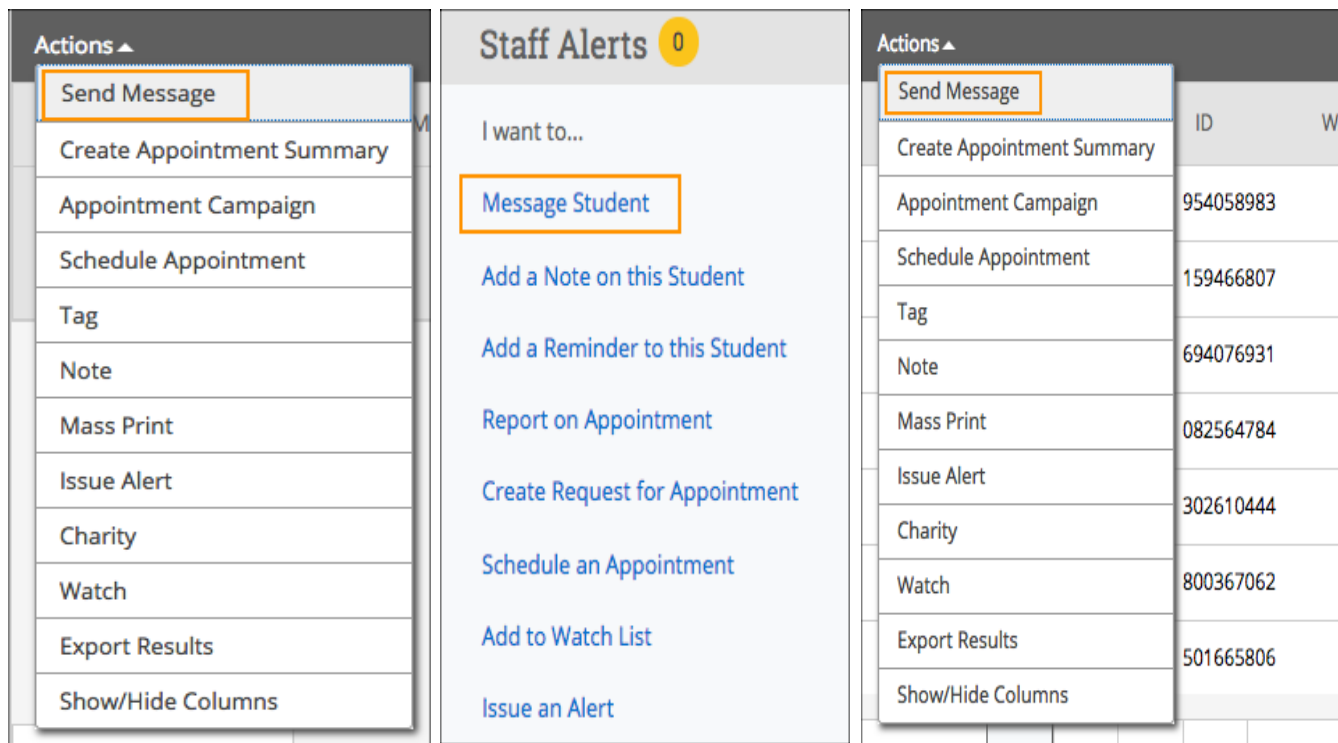

Navigate provides both [email and text messaging](#) for faculty and staff to communicate with students, either individually or en masse. Communicating with students through the platform creates records of those communication which can be accessible by other staff or faculty on your campus. In addition, it allows for a quick and easy way to communicate with more than one student at once.

Any faculty or staff member will only be able to view communications in which they have the proper permissions. Permissions allow users to either view only their own communications with students, or to view all communications with students. If you are unsure who can view your communications, contact your Application Administrator.

### How do I send the emails or texts?

You can send emails or texts to one or more students from your staff homepage, the student profile, or the advanced search. Most "Actions" menus throughout the platform allow for sending emails or texts. See below for screenshots of each of these locations.

- Send a message from the Staff home page (fig. 1)
- Send a message from the Student home page (fig. 2)
- Send a message from the Advanced Search (fig. 3)

**Important Note:** If you do not see the option to Email or Text students, then your role does not have the proper permission for this action, or your institution decided not to allow texting. Please contact your Application Administrator with questions.

For more detailed guidance, check out the [Help Center!](#)

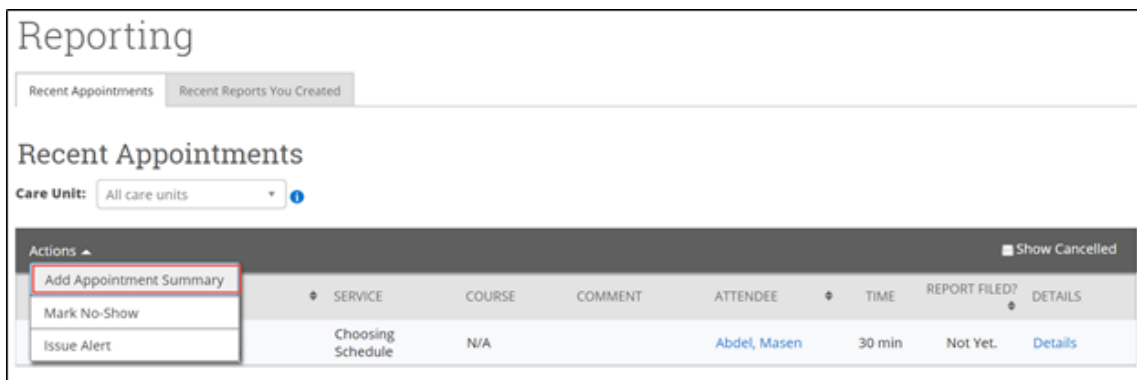

# Appendix D: Add Appointment Summary Reports

## Documenting a Student Interaction

[Summary Reports](#) can be created during or after meeting with students. You can add a summary report to an appointment scheduled in advance, create a summary report for a walk-in appointment, mark a student as a no show, or edit existing summary reports.

**For Scheduled Appointments:** There are several different ways to create an Appointment Summary Report for scheduled appointments. **Add Appointment Summary** is an option in the Actions drop-down menu throughout the platform. The easiest way to access your appointments is from your Staff Home page. Under the **Students** tab on Staff Home, scroll down and find your Recent Appointments. From this section, you can click on a student and select **Add Appointment Summary** from the Actions drop-down menu. You can also access this section from the **Upcoming Appointments** tab of Staff Home.

**Note:** It is important to always create Appointment Summary Reports from the scheduled appointment itself, rather than ad-hoc, to ensure the Summary Report is tied to that specific appointment.

**For Drop-in Appointments:** There are several different ways to create an ad-hoc Appointment Summary Report for walk-in appointments. **Create Appointment Summary** is an option in the **Actions** drop-down menu throughout the platform. The easiest way to create an ad-hoc Appointment Summary Report for a walk-in appointment is from Staff Home or a student profile. Under the Students tab of Staff Home, find the specific student in your My Assigned Students section, or click the drop-down to find the student from one of your saved lists. From this section, you can click on a student and select Create Appointment Summary from the Actions drop down. This will create an Appointment Summary and add that appointment to your calendar in the past.

For more detailed guidance, check out the [Help Center!](#)

# Appendix D: Add Ad Hoc Appointment Summary Reports

## Documenting an Advising Interaction

You can also create an ad hoc Appointment Summary Report from a student's profile page. Navigate to that specific student's profile and click **Report on Appointment** from the Actions menu on the right. This will create an Appointment Summary and add that appointment to your calendar in the past.

**Reminder:** When creating an ad-hoc Appointment Summary Report to track drop-in appointments, the Navigate platform will create the relevant appointment on your calendar for the date and time you selected in the past. Creating that appointment helps our system keep track of all appointments happening with students, regardless of whether they were scheduled or walk-ins. If you sync your professional calendar to the Navigate platform, this appointment created in the past will also sync to that calendar.

**For No-Show Appointments:** The primary way to mark a student as a no-show for a scheduled appointment is from Staff Home. On the **Students** tab, scroll down and find your Recent Appointments. From this section, you can click on a student and select **Mark No-Show** from the Actions drop down. You can also access this section from the **Upcoming Appointments** tab of your homepage. Marking a student as a no-show still adds a Summary Report to the appointment. The only difference is that the box next to the student's name called **Attended** will not be checked. See the screenshot below.

**Important Note:** Any information you enter into Navigate pertaining to a student becomes a part of their official student record and may be subpoenaed by that student, as outlined in the Family Educational Rights and Privacy Act (FERPA).

# Appendix E: Create a Progress Report or Issue an Alert

## Submitting a Progress Report

Navigate’s [Progress Report](#) feature is used by faculty to share critical academic information on students enrolled in their courses. Use the instructions below to submit a Progress Report and mobilize support for a student.

**Step 1:** Access the Progress Reports either directly from the request email or by logging in to the Navigate platform and toggling to the Professor home page.

**Step 2:** Click “Fill out Progress Report” from email or home page.

**Step 3:** In the feedback screen, you will see a list of course sections and students that feedback is being requested for. This may or may not include all the students enrolled in your courses this semester. Begin filling out feedback according to the instructions provided in the Progress Report request email.

**Step 4:** If you have feedback about a student, select “Yes” and choose an “Alert Reason” that indicates why you are submitting feedback on this student. You may choose more than one alert reason. Please fill out the remaining columns, including the comments section with additional detail that will help an advisor follow up with this student.

**Step 5:** When submitting your Progress Reports, you have the option to submit only the students you have filled out feedback for or to submit all students. If you choose to submit all students, the students who you have not filled out feedback for will be marked as “I do not have feedback about this student.”

## Student Feedback

**Your information is secure.**

Security measures allow your school to adhere to government rules and regulations concerning FERPA and overall student privacy. Thank you!

## Submitting an Ad-Hoc Alert

Navigate's [ad hoc alerts](#) are used by faculty and staff to share critical information and to create referrals for student between support offices. Use the instructions below to submit an early alert and mobilize support for a student.

**Step 1:** Click the "Issue an Alert" link in the upper right-hand corner of your home page.

**Step 2:** Search for the student for whom you'd like to issue an alert (using name or ID).

**Step 4:** If the alert is associated with a particular class, fill out that field.

**Step 5:** Lastly, please provide any relevant context around your reason for submitting the alert in the comments section. Comments will help the team reviewing alerts to connect the student with the right resources in a timely fashion.

**Step 6:** Issuing an alert may open a case. You will receive an email notification when the case has been resolved.

**TIP:** Use the glossary of Alert Reasons on the next page to understand what follow up action will be associated with each Alert Reason.

# Appendix F: Creating an Appointment Campaign

**Navigating to Campaigns:** While on the staff home screen, select “[Appointment Campaigns](#)” from the left-hand side Quick Links section. This will take you to the Campaigns tab. From there, select Appointment Campaign from the right-hand side, under Actions.

## Define Campaign:

- Name your campaign (Students will not see the name of the campaign)
- Select “Advising” as the Care Unit (or the applicable Care Unit for your campaign)
- Location- Choose your location. NOTE: Ensure that for the campaign availability you have created under “My Availability” you have selected that you will be available in the same location (Advisor’s office).
- Under “Service”, choose the services for which you are available. NOTE: This must match the availability you have set up on your staff home page, under “My Availability”.
- Begin Date and End Date- choose the date range for which you want the campaign to run. If a student tries to schedule outside of that time period, they will receive a message stating that the campaign has expired. NOTE: This must match the availability you have set up on your staff home page, under “My Availability”.
- Appointment Limit- how many appointments can the student schedule for the campaign? (default is 1)
- Appointment Length- how long do you want the appointment to last?
- Select 1 slot per time (select more if you’d like more than 1 student to select the same time slot)

**Adding Students:** Use the advanced search feature to search for students you would like to participate in the campaign. Or choose one of your saved searches by clicking the drop-down arrow beside “Saved Searches”.

## Compose Your Message:

- Create a Subject Line for your email
- In the next box, edit the text for the email. Default is “Please schedule your advising appointment”. NOTE: Always be sure to keep the Schedule Link in your email body, if that is removed students will be unable to schedule appointments.

**Adding Staff:** If you have correctly set up your availability for Campaigns then you should see your name on the next page under “Add Advisors to Campaign”. If applicable, select other advisors to join your campaign.

### **Add Welcome Message, Nudges, and Success Message:**

Nudges replace the Compose a Message functionality and allows for more communication from your school to students during an Appointment Campaign. Each nudge is an email or SMS message sent to your campaign list.

- Click **Add Welcome Message** to create your first nudge. You have a choice to create either an Email nudge or an SMS nudge. You must create at least one nudge per campaign. The nudge can be either an email or an SMS. Only one nudge type (email or SMS) can be sent per day. There are no limits to the amount of nudges you choose to send during the campaign.
- Enter a subject line and customize the message.
- Choose a Send Date. This is the date the nudge is to be sent. Nudges are sent in the morning of the date chosen when you create the nudge.
- After creating a nudge, click **Save Nudge** to add it to your campaign.
- You can also create a Success Message on the Nudges step of an Appointment Campaign. This is an email or SMS message sent the day after the recipient schedules all appointments for the campaign. It is for communication purposes only. Click **Add Success Message** to start creating a Success Message.
  - The **Add Success Message** page is like the Add Nudge page; however, there is no Send Date because the Success Message only sends after the student schedules an appointment.

**Verify & Start:** Review your campaign details, nudges, invitees, and advisors on this page. Click **Start Campaign** when you are ready to email the invites to the selected students.
