# Zoom Login App

1. Go to your search bar on the bottom left portion of your screen. If for some reason you do not see your search bar, please click on the windows symbol ⊞ and begin searching for "Zoom."

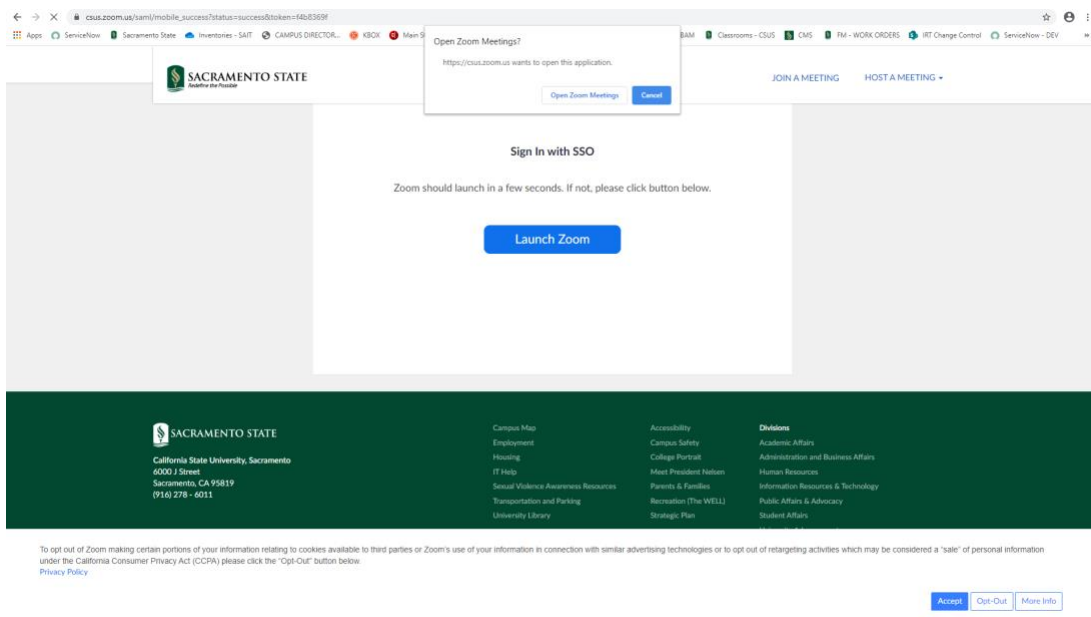

2. Once you click on Zoom, it should have a window like below. If you have the "csus" section blank, please be sure to type "csus" before clicking continue.

3. After clicking continue, you will be redirected to the Single Sign On page where it will prompt for credentials like below. It may open a web browser that will redirect you back to the next picture.

4. Once it has the below prompt "Open Zoom Meeting?", you will have the option "Open Zoom Meetings" be sure to select that. From there it will redirect you to the app on your device.

5. Once you click "Open Zoom Meetings", you will be redirected to the actual app and it will look like the below picture. You are now signed into Zoom on your device.
