77% satisfied with overall career center services

67% significantly experience valuable learning opportunities

64% significantly enhanced their career plans and goals

- **Quotes from Students**

“ Though there is that underlying stress with a job hunt, I feel generally at ease following our conversation. I plan on continuously keeping in touch with you for my future career needs and concerns. ”

“ I wanted to thank you so much for your help in my job search! Your help made the search, the applications, and interviewing for these big and scary positions significantly easier. ”

Career Center Engagement

- **Employer/Community Engagement** - we practice a collaborative approach to building external and internal relationships that support student and alumni professional growth and career success.

- Job/Internship Postings – **3,200** (Handshake and Symplicity Databases)
- Employer Contacts – **9,908** (Handshake and Symplicity Databases)
- How employers rate student performance once hired. (4.00 scale. 4 being the highest)*

* from 2018-2019 Career Center Employer Survey

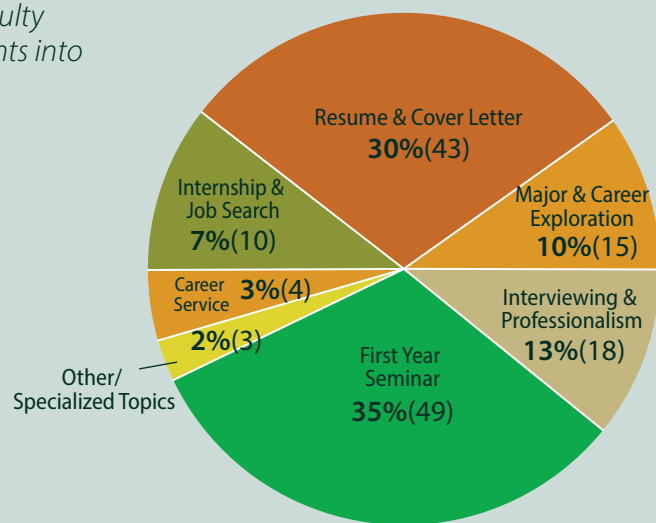

- **Quotes from Employers**

“Students from Sac State are second to none. They are dynamic individuals who think critically and are looking to making change occur in their communities. They are prepared to enter the workforce and succeed throughout an employment process”

“The students were excellent and in a definite pursuit of their career goals and most knew the path in which they desired to take to achieve those goals.”

- **Faculty/Staff Engagement** - we partner with faculty and staff to embed career development components into curricula and programs.
