

Sacramento State Student Health & Counseling Services Equity, Inclusion, and Diversity

Student Health and Counseling Services (SHCS) is committed to providing a safe, welcoming, and affirming environment for all students. We recognize that many students in our Hornet community are impacted by ongoing discrimination and oppression. At SHCS we stand as allies to marginalized communities, and are fully committed to affirming the values of inclusivity and belonging. We believe that Black Lives Matter.

We strive to:

- Create and sustain an environment that respects and welcomes people from diverse backgrounds;
- Affirm and honor diversity in all its forms including but not limited to race, color, ethnicity, religion, sex, citizenship, national origin, age, ancestry, physical/mental ability, political beliefs, veteran status, sexual orientation, gender identity, gender expression, body size and socioeconomic status;
- Challenge systems of oppression to create a more inclusive community;
- Recognize and eliminate prejudice and discrimination that have traditionally affected healthcare services;
- Reduce health disparities; and
- Continually challenge our cultural awareness and competence and be open to feedback.
