- Associated Students, Inc. \$35

The remaining mandatory term fees will calculate later, and may take up to a week to appear on your account. Check your Student Center for the Campus Mandatory fees due date.

The CSU system makes every effort to keep student costs to a minimum. Fees listed in posted schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester has begun. All CSU-listed fees should be regarded as estimates that are subject to change upon approval by The Board of Trustees.

Examples of how the course & campus mandatory fees are calculated:

EX: Undergraduate enrolls in 6 units → (6 units x \$320 per unit) + \$554 CMF = \$2,474

EX: Graduate student enrolls in 3 units → (3 units x \$371 per unit) + \$554 CMF = \$1,667
