Sacramento State combines a beautiful campus setting in the heart of California, top-rated student residential facilities, a world-class track, which could arguably be the best in the United States, and a friendly and collaborative atmosphere to provide an educational experience that fosters intellectual, cognitive, social, and personal growth. Our 300-acre campus is home to approximately 27,000 undergraduate students, approximately 6,000 graduate students, including over 1,600 residents, as well as over 4,000 faculty, staff and administrators. The mission of the Sacramento State Police Department is to protect the life, property, and peace of mind of the students, faculty, staff and visitors of this university. Our greatest asset in furtherance of this mission is our department members who work as a combined force in collaboration with the campus community. Our Department adheres to the highest standards of ethics, integrity and service, understanding our collective responsibility in upholding the noble reputation of the law enforcement profession. Our highest objective is to provide an environment free of criminality where the future leaders of our society can learn and prosper.

Working Relationships with State & Local Police

The Sacramento State Police Department focuses on enforcement and prevention efforts in our primary jurisdiction to include all property owned and operated by the University. The Sacramento State Police Department shares concurrent law enforcement jurisdiction with federal, state and local law enforcement agencies on all adjacent public streets, areas, and in communities surrounding the University properties.

The Sacramento State Police Department cooperates fully and regularly communicates with its law enforcement partner agencies. Sacramento State maintains operational agreements/memorandums of understanding with the City of Sacramento Police Department that comply with the Kristin Smart Campus Safety Act and Higher Education Opportunity Act clarifying that the Sacramento State Police Department is the primary law enforcement agency for all crimes occurring on Sacramento State properties or facilities.

Many students live in the neighborhoods surrounding Sacramento State. While the Sacramento Police Department has primary jurisdiction in all areas off campus, Sacramento State Police Officers can and do respond to student-related incidents that occur in close proximity to campus. Sacramento State Police Officers have direct radio communications with the city police, fire department, and ambulance services to facilitate rapid response in any emergency situation.

Crimes occurring off campus should be immediately reported to the appropriate law enforcement agency of jurisdiction:

- City of Sacramento Police Department (916) 264-5471

SPECIAL SAFEGUARDS FOR FACILITIES OR ACTIVITIES

Facility Access and Security

It is the practice of Sacramento State that University buildings be opened prior to the beginning of the business day and locked nightly after the conclusion of the last scheduled event. A daily schedule is provided to Facilities Services and buildings are locked on the basis of that schedule. Custodial Services and Community Service Specialists are responsible for the unlocking of buildings on a daily basis for scheduled classes. After buildings are locked, only employees with offices and personnel with maintenance responsibilities have access to buildings. Facilities Services maintains the University buildings and grounds with concern for security and safety.

Campus facilities and grounds are inspected on a regular basis to ensure that broken windows, locks, and repairs are made in an expeditious manner. The Sacramento State Police Department also receives the information from the campus community regarding damaged roadways, overgrowth of shrubbery, and other areas in need of repair. This information is forwarded to Facilities Services in a timely manner.

Access to University housing buildings is limited to residents, their guests, and selected staff. Sacramento State's Residence Hall policy requires that exterior doors be locked at all times, including holidays and semester breaks. All residents are issued a key fob for personal access to the exterior doors and restrooms and a resident must accompany all guests. The Residential Community is patrolled cooperatively by the Sacramento State Police Department and on-duty Residential Life personnel, to include Resident Advisors and Residential Life Coordinators.

Lighting surveys are conducted annually so that improvements can be made to various locations on campus. Anyone aware of a hazardous situation in any building or on the campus grounds can notify Facilities Services at (916) 278-6242 or the Sacramento State Police Department at (916) 278-6000 so repairs can be made promptly. All emergency "blue-light" telephones are checked by the Sacramento State Police Department and logged each semester. A log is kept reflecting the date the phones were tested. Additional information is contained in the Guide to Residential Life available through the Office of Residential Life in Sierra Hall. The Sacramento State Police Department worked with the American River Courtyard planning group on physical security for the new facility. The new American River Courtyard residence hall opened in August, 2009. Similar measures are being undertaken for the residence hall expansion that is scheduled to open in the fall of 2017. Sacramento State has a policy (ADM – 0181) to document protocols for Facility Access and Security.

SECURITY AND CRIME PREVENTION PROGRAMS

Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Sacramento State Police Department personnel facilitate programs for student, parent, faculty, and new employee orientations, student organizations, community organizations, in addition to programs for Residential Life Housing Resident Advisors and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft and other crimes. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own safety and the safety of others.

Crime prevention and personal safety information and pamphlets are available at the Sacramento State Police Department and on the Sacramento State Police Department website (<http://www.csus.edu/aba/police/>). The Student Health Center, Counseling and Psychological Services (CAPS), and Residential Life, also maintain related information and pamphlets and this information can also be located in various student and staff publications throughout the campus.

New Student and Employee Orientations

The University has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and participating in and presenting information and materials during new employee orientation.
