

**The One World Initiative's 2022-23 Theme:
Global Perspectives on Communication**

The *One World Initiative* invites the campus and local community to “*Go Global*” with an ongoing series of curricular and co-curricular activities focused on this year’s theme. The theme for the 2022-2023 academic year is **Communication**. The Sacramento State community is encouraged to incorporate this theme into courses, public events, and student activities. Grants up to \$500 are available to support this work. One World Initiative would provide additional funding for collaborative events.

Communication is the most vital life skill fundamental to survival, sustenance, and success in all endeavors. Communication takes diverse forms, playing different roles across various life forms and institutions. It is critical to all our disciplines no matter the different roles it plays. The importance of communication cannot be emphasized enough, given the challenges we face as citizens of the world with shared destiny.

The One World Initiative invites the CSUS community to investigate communication of all types and forms, locally and globally.
