Join the Chicanx/Latinx Faculty & Staff Association (CHLFSA) in partnership with the One World Initiative, the Center on Race, Immigration, and Social Justice (CRISJ), and Sol Collective, to learn about art and social movements while creating artwork! The workshop includes a brief introduction to the relationship between art and social movements in different parts of the world, with an emphasis on North America. Also, a guided drawing and collaging activity, designed to help you connect your personal experience with the experiences of other people, their communities, and your ancestors. Get inspired by social justice artwork, and their history, while you have fun awakening your creativity and critical thinking! No experience required. Join us to enjoy a space to nourish creativity, critical thinking, and self-expression to empower yourself and your communities!
